- A. Report from Code Enforcement: Duplex on C Ave still in the works. Will be 2 3-bedroom Duplexes. Had to redo the bid for sewer work. Got a call that owner 6th & D asking about turning home to a business which would mean a rezoning. So far nothing formally has been done. Discussed Park East of Mountain Meadows to start think about what we might want to have at that park. Talked about doing a vision board with 2 options per idea. Also discussed the 5-year plan which includes Lights, Streets not wide enough at corners, all new developments must have plans for lighting in plans. Make sure all current lighting in town is working. Start getting a list of lights that PSO provides and Cotton Electric. Grants may be possible for new lighting or additional lighting in town. Complaints are Cache streets are too dark. Also discussed additional lights being solar or hard wired to power company. Peggy Foster agreed to call PSO and see if there is a list of light locations that they provide service too. Misty Rollans will call Cotton Electric and see if they have a list. Need more green spaces in new developments. Street signs need update so more readable.
